

I want to voice my opinion on the new Low Power FM and how it affects the K-LOVE stations I listen to. K-LOVE has been a great source to turn to for alternative music for me and my family. It inspires us to get involved in our community and could inspire others to do the same. But not if the LPFM is allowed to displace K-LOVE. I enjoy the family friendly programming K-LOVE offers and would be very sad to see it go. Please do not allow LPFM to expand in our area.

Thank You for your time.

Michelle Powers
